

# Water Ultrasonic Flow Meter

TUF-2000H Hand Held Type

TUF-2000S Wall Mounted Type

TUF-2000P Portable Type

On-site Picture

Size	DN15-DN6000
Temp.	90 °C; 160 °C
Accuracy	1.0%
Display Flow	5 digital
Host Material	Cast Aluminum
Power	DC24V ; Battery ; AC 110-230V
Proof	IP65; IP68
Test Medium	Clean liquid; Liquid containing small amounts of suspended solids or gas bubbles
Accessories	Sensor ; Cables; Power charger; Mounting device

# Accessories & Structure

Sensor

Communication Cable

Charge (Power supply)

Mounting Device

Aluminum Alloy Box

# Accessories & Structure

## Interface

Signal Output: 4-20mA(Optional)  
Pulse signal  
Relay signal  
Signal Input: 3 way 4-20mA  
Acquire signals of press,  
temperature and liquid level.  
Communication Interface: RS485

## Thermal Printer

Available to print in real time, and timed  
print over 20 pre-set measuring results.

## Display

Support languages of  
Chinese, English, Italian  
and Turkish.

## SD Memory Card

Convenience for long-term storage of data.  
Available to do the data processing like tabulation,  
statistics, data analysis, print reports and make  
flow curve by using the matching data analysis  
software.

## Carrying Case

High-strength carrying case: easy to  
take, dustproof, waterproof and  
impact resistance.
